How can i add a image in jsp page from a Folder?

I have following directory of my project(in Eclipse)as below

```
WebContent
|
|--Image
|   |--logo.jpg
|--WEB-INF
|   |--web.xml
|   |--lib
|--index.jsp
|--WebPage
|   |--sayan.jsp
```

I want to add logo.jpg in both index.jsp and sayan.jsp page. I do this in the following method

for index.jsp,

```

```

and for sayan.jsp,

```

```

But in both case image does not appear in webpages.How can I load logo.jpg image in both pages?

[java](#) [html](#) [image](#) [jsp](#) [java-ee](#)

How about logo.jpg ? – [Ondkloss](#) Jul 20 '14 at 7:09

It's in container so how you are thinking to display only logo.jpg. Anyways image in Image folder so there is no use giving only filename – [Harshal Patil](#) Jul 20 '14 at 7:20

1 Answer

Try : ``

If only logo.jsp existed – [Ondkloss](#) Jul 20 '14 at 7:12

This will work. – [Harshal Patil](#) Jul 20 '14 at 7:21
